

Hemingford Lady Cats Basketball 2007-2008

What unfolds below is the story of the girl's season, with statistics, coaches comments, and a few photos. What may not show below is the hard work in practice, the hustle to the ball on defense, and the dogged determination that they showed in the face of opponents with superior size. The Lady Cats of 2007-98 will be remembered for the size of their fight!

The story begins with the last game played, an overtime loss to Morrill in the first round of Sub-Districts at Gering. Each succeeding game goes back further into the season in reverse order.

Enjoy the stats, the comments, and the pix. Most off all appreciate the great efforts of the girls and their coaches. Thanks to all the loyal family members and fans that braved icy roads, windy, dark nights, and still were there to support the girls!

Coaches Comments:

"Our kids did a good job of coming alive in the second half of the Morrill game to get it to an overtime game. Morrill has two bigger kids who got the ball inside and gave us fits. All season long that has been the "Achilles Heel", teams with big posts. That being said, our team had the fortitude to get it into overtime, and do the things we had to do to get a win.

Our foul shooting kind of failed us in this one when that part of the game had been a strong suit over the past week or so. We had great crowd support. I know that the kids on the bench noticed how well they were supported, and that was much appreciated."

For the Season:

We made some improvement this season over last in some crucial areas. Our stat line is better in over-all points scored vs. points given up. We had three players in double figure scoring for the season. Our team averaged almost nine assists a game, and fifteen steals per game. Both numbers are pretty good. We do still give up too many points per game and certainly need to improve on rebounding to become the kind of team that we think we can be in the future. Overall, the coaches are satisfied with the direction of our program.

Thank you to the Hemingford Ledger and to Lyle Fodnes for the fantastic job of getting the word out about all of our local high school accomplishments.

Coaches Comments:

“Several weeks ago we lost to Hay Springs 60-38 in the conference tournament. We were certain that we were better than that score indicated. In our Senior’s last game in their high school careers we battled for four quarters and lost 63-66. That score indicates more closely what our team is capable of when we play like a “team”! All of our underclassmen and the coaches want to pay a special tribute to our three seniors, Cassie Drake, Katie Frahm, and Whitney Morava. They have done a really good job of leading our team throughout the 2007-2008 season and they will be missed next season.

The coaches would like to thank our fans for their example of good sportsmanship to all of the teams that come into our gym to compete. Our team certainly notices.

Coaches Comments

“This was a really nice win for us. We played hard from the opening tip to the end of the game. Mitchell came and played good hard physical basketball, and we matched that style of play which made the coaching staff feel pretty good. We had to convert from the free throw line in this one, and for the game we shot over 70% at the line. This game helps gain some momentum for the sub-district games to come.

"This was a game that our team knows that they did not play their best team basketball. We had a couple of really good individual performances, and that is always good, but we allowed a team to get by that should not be able to do that if we are playing good defense. We are fortunate that we will be able to see them in the first round of sub-district tournament as our girls relay plan to finish the game that they started a week before".

Coaches Comments:

“15-2 at the end of the first quarter is not the way to start out. From that point on we did a nice job of chipping away at the lead. In the second half we actually outscored them 37-22 to close within five points in the last couple of minutes. Our coaches feel real good about the way we continued to battle and work ourselves into a position to get a win at the end. The best second half of basketball we have played this year without question. We certainly believe that we are rounding into the kind of form that we need to be in to finish the season”

Coaches Comments: A few thoughts about our game with Sioux County on January 26th, " Our team did a better job against a quality opponent than we had at any other time since the Mitchell tournament. Sioux County is a tough and very competitive team, and for most of the game our kids worked to match their intensity. Our coaches certainly could see some things to be satisfied with. We will just have to continue to coach and work hard in practice to learn how to turn our weaknesses into strengths in the final stages of the season.

Our team and coaching staff would like to recognize and thank the fans of this community for their outstanding support our team received during this season. For our parents night game, there was a very nice crowd. This school is very well supported in so many ways, and our team and coaches would collectively like to say THANK YOU! "

Coaches Comments: During the game against Edgemont we did a pretty good job for the first two quarters. We were up 29-15 at the end of the first half, then allowed them to get back into the game in the second. I am just not satisfied with the way we are executing on the offensive or defensive end at this point in the season. We will try and correct that with a good week of practice during the next week. There are many things yet to be accomplished over the next two or three weeks.

Coaches Comments: Against Hay Springs, our “on again, off again” mentality showed itself. We played a good first and third quarter, then just really didn’t show in the second and fourth. Against a quality opponent, that just won’t cut it. We allowed their post people to do what they needed to do without much opposition. Our team will need to work much harder over the next couple of weeks to reach the goals that we set for ourselves at the beginning of the season.

Coaches Comments: We just did not show up with the effort and intensity that we needed to in the Bayard game. Our team had been able to get by them by a couple of points in the Mitchell tournament, so we know that we can play with them. However in this one, Bayard just came out with much more desire than we did. They out-rebounded us, worked harder in their full-court game, and executed their half-court offense when they needed to. We know that we will have to continue to get better during the rest of the season as all of the teams that we play are improving.

Coaches Comments: On Saturday against a Bridgeport team that was hitting it's stride in all phases of the game we did not respond as we need to. Sometimes we have a player who has an off night shooting the ball, and on this night we had no one who was shooting the way that they can. Our coaches and team were all pretty disappointed after this one was over. We had much higher hopes going in. We are a pretty close team, and I know that we will respond to this in a positive way in the next contests.

Coaches Comments: "In this game we showed much better resolve. We got pretty good offensive balance, and found a way to finish a close game on the positive side of the ledger. The coaches want to commend our bench in this game as we had some very positive performances from them. Our depth is getting better as the season goes along. As we look to ramp up our performance after the Christmas break, it will be much more important for us to receive good play from our younger and less experienced players.

Coaches Comments: "Just a few observations from the Mitchell tournament: In game one against Mitchell our team was not ready to play. We started out slow, and with very little intensity. That is a formula for failure in any competitive situation. In the second half there was some improved play and we could see that there were some things that we were trying to do to battle back. All in all , this was one of the poorer efforts of the season.

Coaches Comments: "Our kids played a really good first half again. In the third quarter we wore down a bit and that allowed Bridgeport to get the lead and keep it. We are proud of the improvement that we have made over the early part of the season. Now we must build on that and start winning some of these games against good opponents."

Head Coach: Dave Chatelain; Asst. Coach: Lisa Janssen

Managers: Kelly Marie & Josie Fletcher

Coaches comments: "We ran into a team on Saturday at Leyton who just played much better than we did in the second half. Our coaches and players are all disappointed in the way that we let them do just pretty much what they wanted to in the third and fourth quarter.

Defensively we must do a better job of identifying the players that are scoring against us and then put in the effort to slow them down. On a brighter note, we did play another pretty good first half against a team on their home floor. We do have a lot to build on, and we will get a chance to work on that again this week with the two make-up games against Hyannis on Thursday, and Bridgeport on Friday."

Coaches Comments: "we played pretty well in the first half on the offensive side of the floor. On defense we did not do a good job of maintaining contact with the assignments. That is an area where we must get better. In the second half we went into a passive mode and just hung for the victory.

We will need to continue to improve our half-court offensive game so that in situations where we need to control some clock, we can. Our coaches and players want to thank our fans for their great support. We had a very good crowd there on Tuesday."
