

2007-08 Hemingford Bobcats Basketball

Season Round-Up

The 2007-08 Version of Bobcat Basketball will best be remembered by the continued efforts made by the Coaches and players. Though there were injuries that hampered the team early and late, and depth was a major issue, the boys really worked together, with positive attitudes.

They won seven games, had a few others that were close enough to have a shot at the end of the game , and finished second in the Panhandle Activities Conference Tourney.

Most of all, they kept coming back to practice, and worked hard. There was good Senior leadership, and community support was very good. All in all the results for this season were very good!

The following season results begin with the last game played, a two point loss to Morrill in the first round of Sub-Districts. The games that follow are in reverse chronological order, so if you want to start with the first game, use your slider to go to the last of the 23 pages.

Coaches Lanik and Hiemstra enjoyed their time with your sons and grandsons. Thanks for taking the time to take a look at the season!

Coaches Comments

"I thought the kids gave a great effort, especially late in the game. I was proud of the way we fought back and gave ourselves a chance to win the game. I really enjoyed working with this bunch of kids. The seniors were good leaders and I hope the younger kids work on their game in the off-season so they will be even better next year".

"This was pretty much a carbon copy of Friday's game. Hay Springs press dictated the tempo and forced us into numerous turnovers, especially early in the game. I was pleased with our effort in fighting back We were down 24 points after the first quarter, and the kids could have packed it in, but I thought we played hard the whole game".

"I thought we competed very well. We shot the ball a little better, made better decisions on the floor, and held our poise down the stretch. This was also a meaningful win because Morrill is in our sub-district and we will have to play them again in the near future. This win, on their floor, should help our confidence".

"We didn't exactly dazzle anyone with our performance. We were out-coached and we were out-played. Congratulations to Hay Springs on their Conference Championship. The kids felt poorly after the game, but we told them there were three other boy's teams in this tournament who were wishing they were in our shoes. We earned the right to play for the championship and our second place finish. I'm proud of our kid's efforts in this tournament".

Coaches Comments: "Might have been one of our best games of the year. The kids relaxed more on offense and weren't so into "running the play". On defense, we are starting to get a feel for our help assignments and we are getting better at the man/man. This was a very important game in the Panhandle Conference. This victory will probably allow us to get a #2 or #3 seed in the conference tourney, and avoid the early bunny bracket game.

Coaches Comments:

"We couldn't seem to get into an offensive rhythm. Maybe we're too pattern-oriented and we just need to free-lance a little more. Our defense played really well, we had a 1-point lead going into the 4th quarter, and we had held them under 30 points until then. This was a game we felt we could have won. We just need to continue on working on "finishing" our games.

Coaches Comments: "I thought we responded very well, coming off the tough loss to Mitchell. Offensively, we turned the ball over a lot in the first half, but in the second half, we quit trying to "run the play", and tried to concentrate on "Playing" instead. Defensively, we used a man-man defense the entire game. We were able to create a few steals which led to easier transition baskets. I know Coach Hiemstra would like to use more "man" defense in the future."

Coaches Comments: "Mitchell is a very good team.. Their defensive pressure caused us a lot of problems. We have a hard time getting into an offense, and when we did, we couldn't seem to knock down the shot.

We still have a lot of work to do but we saw some positive things. I think we will continue to get better as the season rolls along."

Coaches Comments: "Same old story – kids are giving a great effort , but we just can't seem to finish. We are going to look at adjusting our offensive philosophy. Until we start shooting better, we need to be more patient on offense and try to force the defense to work harder. In every game this year, we have run out of gas in the 4th quarter. If we can conserve a little energy early by not shooting so

quickly and then being forced back on defense, maybe we will have more energy down the stretch.”

Coaches Comments: "We need to continue working on our perimeter shooting. Our opponents are going to start packing the paint and doubling down on our posts if we can't hit a few outside shots. This was a tough loss. We felt like we had control, but we just couldn't finish the job. It will be interesting to see how the kids respond after this loss. Our defensive rebounding was a key factor in the game. We may switch to a man to man defense so that everyone has a specific responsibility on the boards.

Coaches Comments: "I thought for a first game we played pretty well. The game was much closer than the final score indicated. I thought we did some good things, including excellent effort and intensity; teamwork – I didn't see any selfishness on the floor. A couple of areas we have to concentrate on this weekend: 1.) Defensive rebounding – we gave up way too many 2nd chance points, and 2.) "Bunnies" – we missed a lot of easy baskets.
