

# Student Effort Awards

## HEMINGFORD PUBLIC SCHOOLS

### Fall 2010

The students listed below have been recognized as winners of “Student Effort Awards”. They were nominated by classroom teachers. Students are recognized each semester. This program of recognition started in 2008, after being suggested by District Patron Ruth Baker. Thanks Mrs. Baker!

It is given to students who continue to give extraordinary effort, despite difficulties. The focus of the award is to recognize those students that keep trying their best, no matter what. Any student can be nominated, and being on the Honor Roll does not disqualify a student from being selected.
