Students are encouraged to work hard during the summer months by making themselves better athletes through the use of camps, the weight room and open gyms.

The gym/weight room will be open from May 28th through August 2nd. The hours for the weight room are 6 am to 8 am Monday through Friday and 6 pm to 8 pm Monday through Thursday. There are a few dates where the gym will be

unavailable because of basketball league. These dates are June 6th and June 20th. The dates the weight room and gym will be unavailable are July 3rd (PM only) through July 5th for Fourth of July and July 22-26 for Coaches Clinic Week. Only the weight room will be open the week of July 29th-August 2nd.

Sports Physicals

Sports physicals for the summer are scheduled for June 5th

Don't forget that physical June 5th and July 17th from 9 a.m. to 12:00 p.m.

and July 17th from 9 am to 12 pm. The cost of the physical is \$25. Students coming to get physicals will register those mornings in the gym. Students' grades 7-12 are required to complete a physical before participating in school activities.

Special points of interest:

- Physicals June 5th and July 17th
- Swimming Pool Information
- Open Gym times
- Achievement in Academics
- Attendance
- Sports Booster Flag

Swimming Lessons

Swimming lessons at the Hemingford Swimming pool will be held for 2 weeks from June 17-28th. Please contact the Swimming pool or the pool

managers to sign up for lessons or more information: Swimming Pool 487-3428, Natalie Hadden 308-279-0580, Ammie Frost 308-207-5180.

Summer is Upon Us ☺

Mr. Ningen

Watching our granddaughter Ella play two pieces on the piano this week made me think of the old truism: *A person seeking directions stopped a New Yorker to ask the best way to get to Carnegie Hall, their response was, "practice practice, practice".*

Too many times as parents, we are selective in what we enjoy, attend, and remember to emphasize with our children and grandchildren.

Spending over two hours at a basketball game, football game, or wrestling match fails to deter us, in fact we take our time at athletic events for granted. There is no harm in that at all.

Spending over two hours in a "warm" gym to watch our students receive academic awards, however, makes even the most patient parent (or school administrator) uncomfortable and thinking of ways to improve on that particular offering.

Our school will definitely tweak Honor's Night, along with input from our teachers, so that students are duly given deserved recognition, but in a smoother, more discriminate, thought-out way.

I don't want to focus on any particular program - rather I want to emphasize that the next three months are a wonderful opportunity for us as adults to model the many paths to discovery that will be around us for our children - even though classes may be out of session

Our students will be playing soccer, baseball, softball, and taking part in basketball and volleyball camps in

the next ninety days. They will be weight-lifting, jogging, and looking for many ways to practice their sport or sports – *all to be the best they can be at those sports.*

I want these efforts to be the best to continue – our students in and around Hemingford have seen significant success in the gym, on the mats, and on the playing fields, *but.....*

There are also a variety of ways that parents can increase **academic success** for their children by engaging them this summer:

Read often – get to the library here in town, or in Alliance and check out some exciting works of fiction or fact. Have your children keep a log of each book they read, with the author's name, and what they enjoyed most about each book.

If you are getting together with family or traveling to the hills or elsewhere, **buy each of your children a half-size notebook or journal**, so they can keep track of where they went, what they experienced, and what that meant to them.

Every child likes to draw, so have the journal **double as a sketch book.**

Cameras (even on cell phones) can be a wonderful way to document where a family goes as well – get a picture of the whole family with great-grandma, and then **make a memory book of that trip**, or that time together that could feature pictures, drawings, poetry, and items that you pick up along the way. (feathers, leaves, napkins with printing on them, even part of a brochure that you can cut up.

Practice does make perfect, but instead of just practicing sports so that we are faster and stronger, let's **practice keeping our minds sharp too**, and find ways to better enjoy the many summer opportunities that await us.

That way – we'll all be "in shape" when fall rolls around. Have a great summer ! Mr. Ningen

Foster's Facts

Have your son/daughter unplug for a day or two so they can work on their verbal communication skills. Email, facebook or text messaging does not allow face to face interaction or learning how to read body language (an important skill when interacting with any age group.)

During the summer, the school suspends all gaggle accounts, since they are not monitored during this time.

To keep reading skills developing, have your child read the newspaper, magazine, or head for the library to check out a good book. Internet news sources like CNN or US News and World Report are great free places to read and keep up on what is happening (plus we know they like to sit at a computer).

Summer is supposed to be the time for relaxing, but the activities continue to happen at school. Weightlifting and open gym as well as sports camps are just a few events taking place this summer.

Report Cards

Congrats Students!! Look for the honor roll that will be also posted in the Ledger.

Student Schedules

The scheduling process for the 2013-2014 classes is nearing completion. The schedules should be mailed by mid June or with report cards.

School Calendar 2013-2014

Activities are being entered on the school website for the next school year. The calendar currently lists the vacation breaks, P/T Conferences, and some other events.

7th Grade and New Student Orientation

Mark your Calendar--The evening is set aside for 7th grade students as well as any new student to become more familiar with the school and their class schedule. This is an opportunity to walk the halls and ask questions. A parent or guardian should plan on accompanying the student. The date has been set for **Tuesday, August 13, 2013 beginning at 7:00 pm in the High School Band Room.** A letter will be sent out the first part of August as a reminder.

Fostering Education

JUNE IS HERE AND SCHOOL IS OUT

It is hard to believe that school has ended for this year. I'm sure there is excitement among the kids at this point, but eventually they will miss not being in school. Personally, I will miss seeing the kids and their smiles each day. I will miss the conversations, and yes even some of the trying moments this year brought. I want to thank my teachers and para educators for all of their hard work and dedication they brought each and every day. You truly do make a difference for kids! I want to wish my 6th graders leaving going on to 7th grade the best. Please continue to share your talents with everyone and show your new teachers what we already know. **You are a wonderful group that has much to offer!**

REPORT CARDS

Report cards may be picked up from the elementary office starting Wednesday, May 29th. If you owe any money for lunch or any other money for items it must be paid before your report card will be given to you. **Please stop and pick them up.**

We'd love to see you!

STUDENTS' CLASS ASSIGNMENTS FOR NEXT YEAR

Students were informed by their past teacher whose class they were assigned to for next school year. These class assignments will also be posted on the front window of the elementary all summer long as well.

STATE READING, MATH, and SCIENCE TESTS

We administered the NeSA-R and NeSA – M, (Nebraska State Accountability Reading and Math) tests this spring for students in grades 3, 4, 5, 6, 7, 8, and 11.

We also administered the NeSA-S (Nebraska State Accountability Science) to grades 5, 8, and 11. This is a state requirement to measure student growth against schools throughout our state. **Good job, students!**

Results can be found for students scoring above an 80% on any test in the next three pages.

Juniors – Summer is the time for serious college planning.

Scholarship warning...

As a junior or senior, you'll receive offers for scholarship and financial aid services. If they charge a fee, investigate them thoroughly. Education Quest is a tool that you can use that will help you complete financial aid forms for free and will guide you to free scholarship search resources. Go to EducationQuest.org and look under Scholarship Quest. Scholarship Quest is on the left hand side of the page.

Talk to colleges about specific scholarships they offer. You'll also want to check out tuition assistance programs like the University of Nebraska's Collegebound program, and the Advantage Program offered by the Nebraska State College System. These programs will cover the cost of your tuition if you meet certain income and academic criteria.

Summer test date for the ACT is **June 8, 2013**.

This year has been a great year with the students. I have enjoyed working with each and every one of them. When ever I have the opportunity to take the students on an outing, we always receive the best compliments on their behavior. Thank you for allowing me to work with your children.

***Do children need leaves blown in the wind or the security of rock-solid love?

Band Practice-Ms. Schmidt

61st Annual Box Butte County Fair Parade on August 10, 2013

The 7-12 Hemingford Band will begin rehearsal for the Box Butte County Fair Parade on Thursday, August 1st, 2013. Rehearsals will begin at 9am, and go until 11:30am. We will rehearse on Thursday, the 1st, Friday the 2nd, and Monday the 5th through Friday the 9th. We will gather at the High School on Saturday the 10th at 9am, and march to the beginning of the parade route.

During rehearsal, please remember to bring: good shoes to march in (NO flip flops or sandals), a water bottle, and a smile ☺

Have a wonderful summer and I'll see all of the Marching Bobcats on August 1st!

Building Better Behavior

Good behavior is a habit all parents can try to instill in their children, but it doesn't happen overnight. Use patience and the strategies in this guide to help you lay a foundation for good behavior at home and at school.

Give positive attention. Try to set aside a little uninterrupted time with your child each day, and let her take the lead in deciding how to spend it. She might want to have a special story time with you or take a walk around the neighborhood to talk about the day. She'll feel more important and secure—and be less apt to misbehave in an effort to make you notice her. *Tip:* While you're enjoying each other's company, be sure to give her your total attention. Turn off distractions like your cell phone or the television.

Set ground rules. Your youngster may be more likely to behave if he knows exactly what you expect. Talk

about the rules for behaving at home and in public. These might include things like keeping his hands to himself and listening quietly when others are speaking. Remember, you know your child best—choose rules that fit his age and abilities. As he gets older, you can update the rule list. *Tip:* To help everyone remember the rules, post them where they can be seen. Also, state them in a positive way. Instead of "Don't leave your bike on the driveway," write, "Put your belongings away when you finish using them."

Discuss consequences. The best time to talk about consequences is before a rule is broken. Let your youngster know in advance what will happen if she misbehaves or breaks a rule. For instance, you could say, "If you put your bike in the garage, you will be able to ride it tomorrow." *Tip:* Involve your child in deciding fair punishments for breaking rules.

continued

A measure of self-control

This activity can help your youngster practice taking control of her own behavior.

1. Help her draw a thermometer on paper and add horizontal lines to divide it into thirds. She can color the bottom third blue and label it "Keeping my cool." Have her color the middle section yellow and write "Getting warmer." And she should color the top portion red and label it "Danger zone."
2. Together, brainstorm a list of ideas she can use to control herself when her "temperature" starts to rise. For instance, if she's starting to feel frustrated (perhaps her brother makes a

face at her), she might close her eyes and take a deep breath. If she's entering the danger zone (say, she feels like hitting him), she could walk away for a few minutes and cool down.

3. Let her write the ideas on the paper. Then, hang up the thermometer where it can remind her that she is in control of herself.

Point out benefits of behaving well. When your youngster sees the results of good behavior, he may try harder to stay on course. You can reinforce the idea by mentioning the positive consequence in connection with his behavior. “Sam, since you did all your chores without being reminded, we’ll have an extra half-hour to spend at the park.” *Tip:* It may be tempting to “bribe” your child to behave well, but this can make him dependent on rewards in the future. Skip the sticker or candy in favor of a more natural reward (say, time for an extra bedtime story because he got ready quickly).

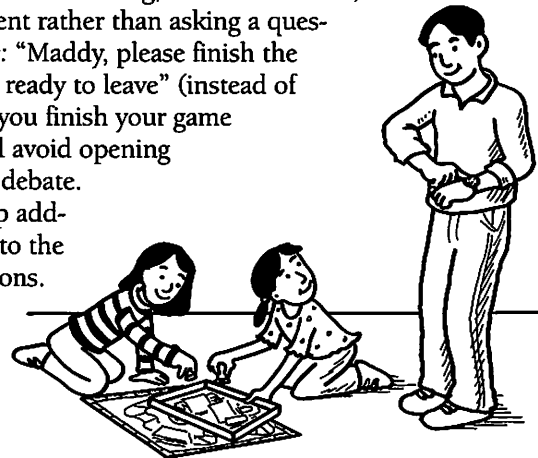

Catch your child being good. Look for times when your youngster is behaving well, and praise her for it. Try to make your compliment specific: “I know you’re disappointed your brother got to pick the cereal—you handled it nicely.” Pointing out what she did right helps her recognize good behavior so she can repeat it in the future.

Use logic. It’s easier for your child to understand cause and effect if the consequences are related to his misbehavior. For example, if he skates without his helmet, it makes more sense to take away the skates than to take away dessert. *Tip:* Where appropriate, use “make it better” consequences that encourage your youngster to correct his behavior in a positive way. If he knocks down his sister’s block tower, he could help her rebuild it, for instance.

Use statements instead of questions. When you expect your child to do something, tell her in a clear, polite statement rather than asking a question. *Example:* “Maddy, please finish the game and get ready to leave” (instead of “Maddy, can you finish your game now?”). You’ll avoid opening the door to a debate.

Tip: Also, skip adding, “Okay?” to the end of directions.

It makes it sound like your request is optional. Rather than saying, “Let’s get ready to go, okay?” just say, “Let’s get ready to go.”

Be consistent. Even the most well-behaved youngster will act up or test the rules occasionally. When that happens, the best idea is to stick to your rules and consequences for breaking them. Knowing that you will respond exactly the same way every time he misbehaves can motivate your child to make better choices.

When behavior is a problem at school

If your child acts out at school, what should you do? Here are some strategies to try:

- Be a team player. Meet with the teacher to discuss ways you can work together to improve the situation.
- Communicate regularly. Find out which method the teacher prefers (notes, emails, phone calls). Ask her to tell you about your youngster’s good days as well as the not-so-good ones. That way, you can praise him for his good behavior as well as talk to him about problems.
- Try to keep expectations consistent between home and school. Let your child know that you expect good behavior in both places. For example, if talking out of turn is the problem at school, remind him not to interrupt at home.

- Volunteer. When you are active in your youngster’s school, you show him that you take his education seriously. If you can arrange it, offer to help out in his classroom or in the cafeteria.

Note: If you think your child’s behavior might be related to family changes or other stress, or could have a physical cause, check with his school counselor or his pediatrician.
