Everyone will dismiss @ 2:00 p.m. on Friday's

There have been a few changes that have occurred over the summer and I wanted to take this time to point some of them out. We have a new superintendent at Hemingford. Let us all welcome Mr. Charles Isom to Hemingford. In the high school we have four new teachers this year, Mrs. Millie Butler, K-12 Art, Mrs. Ashley Talkington, 7-12 Science, Mrs. Michelle Kluver, 7-12 Spanish, and Mrs. Sarah Arneson, School Within A School. Please welcome these new educators to Hemingford.

Fall activities are revving up and with that I wanted to point out the new eligibility policy passed by the school board in May. The policy enacted is any student failing two or more academic classes for two consecutive weeks is ineligible for that week. Eligibility runs from Wednesday morning to the following Tuesday evening. We will be offering two Supervised Study Time (SST) sessions per day from 7:45-8:00 am and 3:44-4:00 pm, however, SST will NOT count towards eligibility in any way. It is simply an opportunity for students to get with those teachers for whom they need assistance from.

We have changed the daily schedule for teachers and students and wanted to remind all of these changes. The school day in Junior High/High School will be from 8:05 - 3:44 Monday - Thursday and 8:05 - 2:00 on Friday. Along with the time change we have also added an 8th period to the students schedule. The schedule will be the following

Mr. Arneson-Elementary Principal

Welcome back!

I hope everyone had a wonderful summer break. However, that time has come where we must start getting back into our daily groove. Remember, our daily groove will be a little bit longer this year in the elementary school. We start at the same time, 8:20, but we will dismiss later than in previous years at 3:40. The elementary students will still have supervised recess time or breakfast in the morning until the bell rings.

Also, we have three new educators joining our team this year. Ms. Gina Jespersen will be teaching 4th grade and Mrs. Sam Kresl will be teaching 5th Grade Math and 5th and 6th Science. Mrs. Millie Butler will also be teaching art to our elementary students once a week. When you have a chance, welcome our new faculty to Hemingford Elementary school.

This school year will be full of exciting opportunities and activities for our students. I can't wait to get started.

SchoolWay

In an effort to improve the efficiency of school communications to parents and students, Hemingford Schools is phasing into using School Way powered by Jostens. School Way is a free app that is downloaded to a mobile device that will receive alerts sent out by the school. The communication will occur through School Way in the 2018-2019 school year and ***phone calls will no longer be made***. As always, you can receive school alerts through the school Facebook page, website, and local radio stations.

Please see the attached flyer to begin using School Way today! If you have questions about how to set up call Mrs. Wood or Mr. Arneson (308) 487-3330

Dear Students, Parents, and Staff

Students have control over the choices they make in the cafeteria every day! The school food service staff works hard to provide appealing, nutritious foods for lunch and/or breakfast. Please make good choices.

By participating in the National School Lunch and/or Breakfast Program, our school receives reimbursement for offering meals that meet a required meal pattern. Receiving this reimbursement assists our school in keeping meal prices affordable. This meal pattern requires certain food components to be offered. These food components include: Meat/Meat Alternate, Grain items, Fruits, Vegetables and Milk. For each food component, minimum portion sizes are required though our school may offer more.

According to Federal regulations, you do not have to take all of these food components. Breakfast will consist of at least three items (excluding water) and be served beginning at 7:30 a.m. **NEW** this year will be 'Grab N Go' breakfast for 7TH through 12th grades. They may still choose to sit in the cafeteria to eat if time allows. Elementary students will eat in the cafeteria.

For lunch one may choose 3 or 4 **components**, with at least one of these being a fruit or vegetable. OUR POINT OF SERVE Staff will make sure the meal qualifies for reimbursement. This serving option is known as **OFFER VERSES SERVE**. The school food service offers all five components, but can serve fewer. This allows the student to decline foods they don't intend to eat. It will cut down on food waste and cost.

JR. high and High School Students may forgo the main entrée but will be asked to order a pre-made chef salad at lunch count. It will contain three components required for a qualified lunch.

Below is an example of a lunch menu containing all five food components:

Hamburger on Bun
Baked Beans
Applesauce
Milk

You could take **all** menu items or any qualifying combination such as:

Hamburger	Hamburger	Hamburger	Hamburger
Bun	Bun	Bun	Baked Beans
Applesauce	Baked Beans	Applesauce	Applesauce
Milk			

The staff person who checks your tray at the end of the serving line is required to see that it contains at least three of the five food components with one component being a 1/2 cup serving of fruit or vegetable or a combination of the two. If you do not have all of the food components needed, you may be asked to go back and get something else.

Hot Lunch

Choosing three, four or five food components has no effect on the price you pay for lunch. A student is only charged extra if he asks for a second main entrée or gets an extra milk. Our Fruit and Vegetable Bar will be a variety of fresh and canned. The entire meal is the best value for your money. You can help keep the lunch line moving quickly by checking the menu ahead of time and politely telling the servers which foods you do not want. **Remember the choice is yours!** Turning down foods you will not eat instead of throwing them in the trash is a responsible way to help your school save food, time and money.

Milk is highly recommended but water will be available at lunch time. Limit 2. Water fountains are found throughout the school.

Prices this year:

	BREAKFAST	LUNCH
Pre school	\$1.65	\$2.15
K-6 grades	\$1.65	\$2.40
7-12 grades	\$1.65	\$2.70
Adult	\$2.15	\$3.85

Soup will be served to Jr. High, High school, and Staff when weather gets cooler. It will not count as a component. Elementary students will have soup to look forward to as they approach Jr. High. This is for their safety (not getting burned) as it does get hectic in the lunch room.

Please bring any new ideas to me.

"Take a ride with us.....through nutrition"

It's not nutrition until it's eaten.

Lunch Accounts

2018-2019

Please remember all accounts need a positive balance for the first day of school. No trays will be served if your account is negative. Let's work together to make the first day of school a good experience for all.

Child Find is a community wide effort to provide opportunities for children with disabilities. The purpose of Child Find is to identify children between birth and 21 years of age who may have individual needs that result from disabilities. The local school district works in cooperation with the medical community and other service agencies to locate children with disabilities in our area. Services are available for any eligible child including those who are home schooled. Any information you provide regarding a child will be kept confidential as required by local, state, and federal law. If you live within the Hemingford School District and have or know of a child who may benefit from special education or related services, please contact Mandy Plog, Hemingford Special Education Director, at 487-3330 for details on the referral process.

HPS TECHNOLOGY USE AGREEMENT - PARENT/GUARDIAN

Please write the name of your student below:

_____ (Full name of student)

_____ (Grade)

HPS promotes a digital environment that is safe and collaborative, provides students with the opportunity to be responsible digital citizens, and enriches 21st century real-world digital skills. Providing you, the parent/guardian, with information about our school's use of technology is an important step in creating this digital environment. Please take the time to review the information on this agreement and online. If you have any questions or concerns while reading this, please contact Mr. Dean at jdean@gubn.org or (308) 487-3328.

In an effort to reduce paper and printer ink costs and waste, all information mentioned below is available on the following website: <https://sites.google.com/gubn.org/theden/resources>. If you are unable to access the information, please check the appropriate box below, return this agreement to HPS, and we will provide you with a paper copy.

I am unable to access the information online, please provide me with a paper copy.

Network Acceptable Use and Internet Safety Policy (information found online at above website)

I understand that network/Internet access at HPS is designed for educational purposes only. I understand that HPS has taken reasonable precautions to eliminate access to inappropriate material, and I will not hold the school district or staff members responsible for materials acquired by my student on the network/Internet. I give permission for my student to use the network/Internet at school, and I will help hold my student accountable to this policy.

Device Handbook and Parent/Guardian Device Agreement (information found online at above website)

I have read and understand the Device Handbook and Parent/Guardian Device Agreement. I agree to all terms listed in the Device Handbook and Parent/Guardian Device Agreement.

G Suite for Education Notice to Parents and Guardians (information found online at above website)

I give permission for HPS to create/maintain a G Suite for Education account for my child and for Google to collect, use, and disclose information about my child only for the purposes described in the G Suite for Education Notice to Parents and Guardians.

Check the appropriate box below, print your name, sign your name, date the agreement, and return form to HPS.

I understand and consent to everything above.

I do not consent to everything above.

Working Together for School Success

SHORT NOTES

Excellent attendance

Being in school every day means your child won't miss out on learning. Try to schedule appointments and family trips outside of school hours. If he asks to stay home "just because," remind him of what he'll miss, such as his reading group or PE class. Explain that he can be absent only if he's sick or if there's a family emergency.

DID YOU KNOW?

Children who regularly eat meals with their families tend to do better in school and avoid risky behavior.

Eating dinner together is great, but other meals count, too. If you work at night, maybe you could make time for a family breakfast. Or on a weekend, try a picnic lunch.

Celebrate progress

Suggest that your youngster create a fun reminder of all the things she has accomplished. Let her cover a box with construction paper and label it "I did it!" Then, she can write each success ("I learned to add fractions") on a slip of paper and put it in the box. If she's feeling discouraged, have her read the slips.

Worth quoting

"The best way to cheer yourself up is to try to cheer somebody else up!"
Mark Twain

JUST FOR FUN

Q: Can a kangaroo jump higher than the Empire State Building?

A: Of course. The Empire State Building can't jump!

Conversations about school

When you think of parent involvement, do you picture moms and dads volunteering in classrooms? That's one way to help—but research shows that supporting your child's education at home is even more important. Here are conversation starters that will help you stay involved.

"Let's see what you brought home."

Look at completed work to find out what your youngster is learning and how well she's doing. You could comment on her math work or social studies project, for instance. ("You know a lot about our state's history!") Also, respond to notes from her teacher, and sign her weekly folder or daily planner if required.

"Show me what you have for homework."

It's your child's job to do her homework, but you play a role, too. Make sure she knows what she's supposed to do by having her explain the assignments to you. After she finishes her homework, glance over the work to see that it's complete.

"Describe a book you enjoyed today."

This gives you an idea of what your youngster prefers to read. Then, build a daily reading habit by asking what she'd like to read tonight. Encourage her reading and listening skills by reading aloud to her and letting her read to you.

"Tell me what you learned that you'd like to know more about."

Use her interests as jumping-off points for activities to share. If she likes geometry, you might hunt for

shapes together. If she's fascinated by how animals adapt to winter, take her to the library to research the subject or to the zoo to see live animals.♥

After-school questions

Asking "How was school today?" might not get you far. Instead, ask questions like these for a better picture of your youngster's day:

- "What's the coolest thing that happened? What wasn't so cool?"
- "Pretend you're the teacher. How would you describe the day?"
- "What made you laugh?"
- "What was the most creative thing you did?"
- "How were you kind or helpful today? Was anyone kind or helpful to you?" ♥

What does respect look like?

Your youngster's daily dealings with adults and kids alike will be more pleasant if he speaks and acts respectfully. Try these tips for helping him learn about respect.

Respectful replies. Think about something that you and your youngster disagree on (say, whether his video game time should be limited). Model having a respectful discussion about it. You might say that his brain and body are growing and that he needs to run and play to stay healthy. Then, suggest a respectful response, such

as, "I want to be healthy, but I love video games." Have him brainstorm other situations where people have different opinions but still speak to each other with respect.

Everyday acts. When you mow the lawn or clean up after your dog, you can teach your child about respect for neighbors.

Explain that keeping your neighborhood clean and neat makes it nice for everyone. Ask him to think of other respectful things neighbors should do. If you share an apartment laundry room, he might say that you respect neighbors' time by removing your clothes when they're done so others get to use the washers and dryers.♥

A reading challenge

By reading more complex books, your child can learn new words, facts, and ideas. He'll also be exposed to more complicated plots and will grow as a reader. Share these suggestions:

- Knowing something about the topic or setting makes a tougher book easier to comprehend. If your youngster is reading a novel set in China, he could talk to someone who has been there or look up the country online (try a children's site like kids.nationalgeographic.com).

- Encourage your child to look at a simpler book on the same subject. A picture-book biography about Harriet Tubman may help your youngster better understand a textbook chapter on the civil rights movement, for instance.

- Suggest that your child read complicated material with pencil and paper in hand. He can jot down questions, words to look up, or facts he wants to learn more about.♥

Q & A

Strong study habits

Q: My third grader has to spend more time studying this year. How can I make sure she studies effectively?

A: Set your daughter up for success by helping her find a distraction-free study spot. Also, have her come up with a study routine. For instance, she could reserve time each evening to review her textbook and notes in the days leading up to a test.

Also, many students find it helpful to jot down a purpose each time they study. Your child might write: "I will learn the definitions of all the boldfaced words in chapter 7, section 1."

Finally, encourage her to experiment with study strategies to find what works best. She could close his eyes and imagine how a word is spelled or draw a grid with 9 squares to solve 3 x 3. Or she might find it helpful to spell or recite math facts aloud in rhythm or to a familiar tune.♥

PARENT TO PARENT

Talking to kids about money

My children were always asking to buy things like dress-up shoes or new games. They didn't seem to understand that these items weren't in our budget.

I wanted them to learn about how we spend our money—and that it is limited. So I got a spiral notebook and labeled it "Family Spending Journal." I explained that for two weeks, everyone would keep a record of what they spent money on. I listed items like my

subway fare, the electric bill, and food at the grocery store. The children wrote down expenses such as school lunch, soccer cleats, and field trip fees.

After a few days, they were surprised by how many things we needed money for. Our kids had no idea, for example, that we paid for taxes on our income, several types of insurance, and membership in our homeowners' association. Sometimes they still ask to buy too many things at the store, but when I say no, at least they understand why.♥

OUR PURPOSE

To provide busy parents with practical ideas that promote school success, parent involvement, and more effective parenting.
