MR. ARNESON-ELEMENTARY PRINCIPAL

Welcome Back!

I hope everyone had a wonderful summer and I can't wait to see everyone back at school. School supply and class lists are up on the Hemingford Schools website (www.hemingfordschools.org) so you can find all the items that you student will need this year and their teacher.

Our morning procedure has not changed from last year. Every morning the students will meet on the playground behind the school where they may enjoy recess time until the bell rings at 8:13. Supervision begins at 7:45 and for safety, students should not arrive before that time unless they are attending a specific event. Students who arrive after 8:20 are tardy and will need to check-in at the office.

Thursday the 15th and Friday the 16th we will be running our 2:00 dismissal time. Please make sure your students are picked up at that time.

This year, instead of sending a printed copy of the Student Handbook home. We will just be sending two signature pages that will need to be signed and returned. There is a digital copy of the handbook posted on the Hemingford Schools homepage. Please take time to look over it as there have been many additions and clarifications.

I'm excited about getting our school year rolling, seeing returning students and getting to meet all the new ones.

Mr. Eric Arneson

NEW TEACHERS-HEMINGFORD PUBLIC SCHOOLS

Please welcome new members of our staff:

School Within School- Todd Westover

5th Grade-Heather Staudenmaier

6th Grade- Ashten McConnell

Welcome!

PRESCHOOL 2019-2020

Preschool Parents:

Preschool for the 2019-2020 school year will start on Monday, August 19, 2019. Mrs. McClure will be having Parent Orientation on Thursday, August 15th and Friday August 16th. There will 15 minute time slots for you to meet with Mrs. McClure and she needs you to bring the following:

- Your Child 😊 (She will take their picture for use in the classroom.)
- Paperwork (Birth certificate, Social Security Card, Immunization Records-we will copy and send originals home with you!)
- School Supplies
- Be watching your mail for further information! Thank you!

Child Find is a community wide effort to provide opportunities for children with disabilities. The purpose of Child Find is to identify children between birth and 21 years of age who may have individual needs that result from disabilities. The local school district works in cooperation with the medical community and other service agencies to locate children with disabilities in our area. Services are available for any eligible child including those who are home schooled. Any information you provide regarding a child will be kept confidential as required by local, state, and federal law. If you live within the Hemingford School District and have or know of a child who may benefit from special education or related services, please contact Mandy Plog, Hemingford Special Education Director, at 487-3330 for details on the referral process.

HEMINGFORD ELEMENTARY

Cross Country Practice will begin on Monday, August 12th.

Coach Clark

Dear Students, Parents, and Staff

Students have control over the choices they make in the cafeteria every day! The school food service staff works hard to provide appealing, nutritious foods for lunch and/or breakfast. Please make good choices.

By participating in the National School Lunch and/or Breakfast Program, our school receives reimbursement for offering meals that meet a required meal pattern. Receiving this reimbursement assists our school in keeping meal prices affordable. This meal pattern requires certain food components to be offered. These food components include: Meat/Meat Alternate, Grain items, Fruits, Vegetables and Milk. For each food component, minimum portion sizes are required though our school may offer more.

According to Federal regulations, you do not have to take all of these food components. Breakfast will consist of at least three items (excluding water) and be served beginning at 7:45 a.m. We will continue 'Grab N Go' this year or regular breakfast line for 7TH through 12th grades.

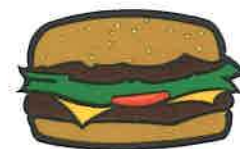

Grab N Go may be eaten in the Red Zone or in the cafeteria if time allows. Elementary students will eat in the cafeteria.

For lunch one must choose at least 3 **components**, with at least one of these being a fruit or vegetable. OUR POINT OF SERVE Staff will make sure the meal qualifies for reimbursement. This serving option is known as **OFFER VERSES SERVE**. The school food service offers all five components, but can serve fewer. This allows the student to decline foods they don't intend to eat. It will cut down on food waste and cost.

JR. high and High School Students may forgo the main entrée but will be asked to order a pre-made chef salad at lunch count. It will contain three components required for a qualified lunch.

Below is an example of a lunch menu containing all five food components:

Hamburger on Bun
Baked Beans
Applesauce
Milk

You could take all menu items or any qualifying combination such as:

Hamburger
Bun
Applesauce
Milk

Hamburger
Bun
Baked Beans

Hamburger
Bun
Applesauce

Hamburger
Baked Beans
Applesauce

The staff person who checks your tray at the end of the serving line is required to see that it contains at least three of the five food components with one component being a 1/2 cup serving

fruit or vegetable or a combination of the two. If you do not have all of the food components needed, you may be asked to go back and get something else.

Choosing three, four or five food components has no effect on the price you pay for lunch. A student is only charged extra if he asks for a second main entrée or gets an extra milk. Our Fruit and Vegetable Bar will be a variety of fresh and canned. The entire meal is the best value for your money. You can help keep the lunch line moving quickly by checking the menu ahead of time and politely telling the servers which foods you do not want. **Remember the choice is yours!** Turning down foods you will not eat instead of throwing them in the trash is a responsible way to help your school save food, time and money.

This year we will have 'Grab N' Go' after school for high school only from 3:45-4:00 you may go through the cafeteria and purchase nutritious snack to get you through sports practice. Items may include bananas, fruit cups, jerky sticks, granola bars, or PBJ's. It will be a cash deal at .50 per item purchased. We are hoping this will benefit out sports students.

State Mandated that we are not allowed to put treats, homemade desserts or outside purchased items in our cafeteria coolers or freezers. We will be putting a refrigerator for those items in the Elementary building.

Milk is highly recommended but water will be available at lunch time. Limit 2. Water fountains are found throughout the school.

Prices this year:

	BREAKFAST	LUNCH
Pre-School	\$1.65	\$2.15
K-6 grades	\$1.65	\$2.40
7-12 grades	\$1.65	\$2.70
Adult	\$2.15	\$3.85

Soup will be served to Jr. High, High school, and Staff when weather gets cooler. It will not count as a component. Elementary students will have soup to look forward to as they approach Jr. High. This is for their safety (not getting burned) as it does get hectic in the lunch room. Please bring any new ideas to me.

"Take a ride with us.....through nutrition"
It's not nutrition until it's eaten.

Thank you,

Phyllis Jesse

Food Service Director

JUNIOR HIGH VOLLEYBALL

EQUAL OPPORTUNITY

Hemingford Public School District #10 will not discriminate on the basis of race, color, national origin, religion, sex, disability, or marital status in admission or access to, or treatment or employment in its programs and activities

Web-Email Lunch Account System

Access your current account information online-at www.hemingfordschools.org and click the button on the right labeled "What's for Lunch".

COMMUNICATION SOURCES

In an effort to maintain all possible communication links, Hemingford Public Schools will offer numerous ways for parents, students, community members and all other interested citizens to stay abreast of happenings at the schools. Some ways to communicate are: Hemingford Public Schools Website

<http://www.hemingfordschools.org>

Hemingford Ledger - Important information is posted in the Briefs. Sports info and other needed school info can be found here as well.

Monthly newsletter - Posted on School Way, Facebook and the School Website.

Notices sent home with students
Information sent home with reports cards.

Phone calls to students' homes when necessary.

PowerSchool for attendance, grades and other notes to students and parents found on the Hemingford Schools webpage.

INCLEMENT WEATHER

The Superintendent of schools is authorized by the Board of Education to close public schools in case of severe weather. The Superintendent's will notify local news media when inclement weather warrants such action. The **information is broadcast regularly by radio stations, (KCOW AM 1400, KQ 106 & 97.5 FM, KMOR 92.9 FM), our web site (www.hemingfordschools.org), and Mobius web site (www.bbc.net).**

School Information

School notifications will also will be posted through the school Facebook, twitter, website and local radio stations. If you have any questions please contact school at 487-3330.

Nutrition Nuggets

Food and Fitness for a Healthy Child

September 2019

Hemingford Public Schools

BEST BITES

Foods to sing about

Get your youngster excited about eating new foods by encouraging her to make up songs about them. She could pick a familiar tune (say, "Mary Had a Little Lamb") and change the words to describe the food's taste, color, texture, or scent. *Example:* "Mary had a roasted yam. It tasted sweet like jam."

Recess games

Head outside with your child, and teach him playground games you enjoyed at his age, such as freeze tag or capture the flag. He'll discover new ways to be active at recess—and learn games to share with his classmates. *Idea:*

Ask him to show you a recess game that you've never played.

DID YOU KNOW?

Nearly one in five children in the U.S. is obese. Since September is National Childhood Obesity Awareness Month, consider making a family pledge that will help everyone maintain a healthy weight. For instance, maybe you'll agree to take walks after dinner and drink only water and fat-free milk.

Just for fun

Q: What food has no beginning and no end?

A: A bagel.

Table time

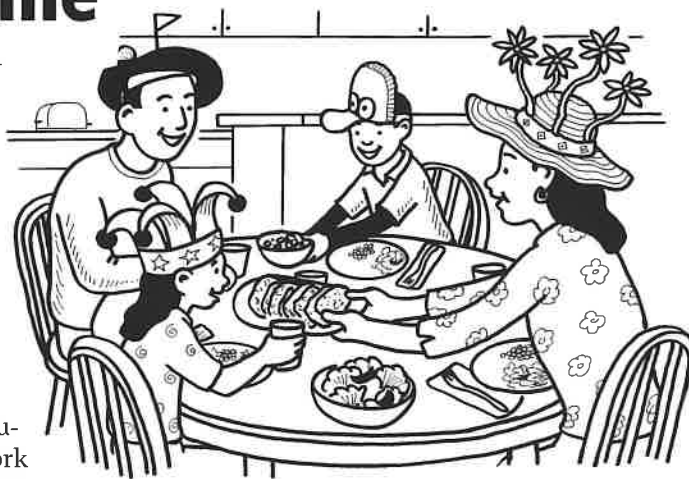

Eating together can build family bonds and inspire your youngster to eat healthier foods. Use these ideas to plan regular meals that he will look forward to.

Make it a habit

Sharing meals as often as possible will get everyone in the routine. Set times that work for your family. That may mean you have a late dinner after soccer practice one evening and an early breakfast before work and school on another morning.

Involve your child

Your youngster will be more interested in eating the meal if he helps to prepare it. He might make a healthy dish like fruit salad. He could also set the table and fill water glasses. *Idea:* Let him create place mats by cutting pictures of

nutritious foods from old magazines and gluing them on construction paper.

Add excitement

Turn the table into a playful place with special-event meals. You might have a "silly hat dinner" (everyone wears a hat that they made or decorated). Use the hats to spark conversation. ("What a great hat. How did you think of it?") Or have each person pick a storybook character and pretend to be that character throughout the meal. ●

Turn off the screens, turn on the fun

Boost your child's physical activity by setting limits on screen time and encouraging her to play outside instead. Try these strategies.

● **Establish rules.** Tell her when she can and can't have screen time. For example, on school days, you might allow it only after outdoor play, homework, and dinner.

● **Provide inspiration.** Have your youngster fill a basket with active toys like a jump rope, balls, a bat, and a Frisbee. Then, place the basket near the door so it's easy to grab equipment on her way outside.

● **Plan ahead.** Let her make outdoor plans with friends. She could organize a weekly game of kickball or hide-and-seek, for instance. ●

Waste not, want not

Did you know that nearly one-third of the world's food ends up in the trash? Your family can avoid wasting perfectly good food—plus save money and help the environment—with these tips.

Stick to a list. Reducing food waste starts with buying only what you need. Ask your child to help you plan a week's

worth of healthy meals and make a grocery list. Go shopping together, and get only what's on the list.

Take what you'll eat. Encourage your youngster to put on her plate only what she'll eat. Here's a good strategy: She should serve herself less than she thinks she wants—then she could get seconds if she's still hungry.

Store leftovers wisely. Have your child label containers of leftovers with dates and contents. Keep fresh foods with older dates in the front of the refrigerator so you won't forget about them. If you won't use leftovers quickly, move them to the freezer. ♡

Q&A

Handling food allergies at school

Q: My daughter is allergic to eggs, and she's starting school this year. What steps should I take to help her stay safe?

A: Begin by talking to your daughter's teacher, the cafeteria manager, and the school nurse. They'll explain the policies for protecting students with allergies, such as how your child can choose safe foods in the cafeteria.

At the same time, help your daughter learn to take responsibility for managing her allergy. For example, she should only eat her own food and not accept food from other students. Explain that she can't eat homemade goods, such as birthday cupcakes, since there's no way to be certain they're egg-free.

Finally, make sure she knows the symptoms of a reaction, and tell her to get adult help immediately if she notices any or if she thinks she was exposed to eggs. ♡

ACTIVITY CORNER

Math-ercise

With this home-made "twist" on Twister, your youngster will improve his balance and flexibility while he practices math facts.

Materials: washable or dry-erase markers, soup can, old shower curtain (plain), two dice

1. Let your child turn the shower curtain into a Twister board. He should trace around the soup can to make 4 rows of 6 circles, then number the circles 1–24.
2. One person is the caller. On each player's turn, the caller rolls the dice, uses the numbers to make a math problem, and says which hand or foot the person must put on the circle containing the answer. So if he chose left foot and rolls 2 and 3, he could say, "Left foot on 2 x 3." The first player would place his left foot on 6 and keep it there until his next turn.
3. Continue until all but one person has fallen out of position—that player wins.

Note: If a player needs a circle that's already covered, the caller gives a new problem. ♡

IN THE KITCHEN

Turn toast into art

Let your child "paint" a slice of whole-wheat toast with mashed black beans and decorate it with avocado slices, corn kernels, and chunky salsa. That's just one fun way to create an edible work of art! Here are more.

Parfait

Paint: Fat-free cream cheese
Decorations: Blueberries, sliced strawberries, sprinkle of cinnamon

Mediterranean

Paint: Hummus
Decorations: Cucumber rounds, cherry tomato halves

Rain forest

Paint: Nut or seed butter
Decorations: Banana slices, shaved coconut

Pizza

Paint: Tomato sauce
Decorations: Low-fat shredded mozzarella cheese, spinach leaves, sliced mushrooms

Garden

Paint: Mashed cooked peas
Decorations: Radish slices, crumbled feta cheese ♡

OUR PURPOSE

To provide busy parents with practical ways to promote healthy nutrition and physical activity for their children.

2019 AUGUST NEWSLETTER

HEMINGFORD CHAMBER FEATURED BUSINESS THE HEMINGFORD LEDGER * 714 BOX BUTTE AVE *

Holly Wade and Kay Bakkehaug

The Ledger has been recording history in Hemingford since the 1915s when a fire destroyed The Hemingford Journal plant. Over 100 years later, The Ledger still takes pride in providing local news to the citizens of Hemingford and the surrounding communities.

In December of 2018, Kay Bakkehaug stepped in as the Executive Editor of The Ledger. Having been born and raised in Alliance she understands the importance of a hometown newspaper and was excited to take on the challenge. "It has kind of been a whirlwind since December, but I love this community," Bakkehaug said. "The residents of Hemingford have been so inviting and for that I am so thankful. There always seems to be something going on which means there's never a dull moment."

Kay graduated in 2002 from Alliance High and later earned her business degree from Western Nebraska Community College. She is the proud mom of three beautiful girls: Ashlyn-16, Layla-12, and

Paisley-2. She is very family and community oriented. Both are good qualities to have as an editor of a hometown newspaper. "It really does take a Village to be able to provide a quality, entertaining newspaper," Bakkehaug said. "So, thank you to everyone that has submitted an entry into one of our contests, helped identify photos, or covered an event. I would like to thank all of The Ledger supporters for making our newspaper the best around."

Holly Wade joined Kay at The Ledger team in May. She grew up in Hemingford in the family-owned and operated Mini Max Market (what since became the Pit Stop). After school and career moves to Lincoln, then Virginia, she returned home in 2015.

Holly has an undergraduate degree in Advertising/Marketing and has utilized that in every job she has had. She looks forward to providing local businesses with effective strategies for marketing so that their money is spent wisely. Having grown up in a small business, she understands how important it is to shop local.

"If we want businesses to stay, we have to shop them and it is important to remember that the community also needs to support The Ledger," Wade said. "My goal is to provide our customers with marketing tools and knowledge." As a sign of the times, small newspapers and newspapers in general are struggling across the country. This is not the case with The Ledger! We are flourishing thanks to the support of our subscribers and advertisers. Thank you all! Here's to an amazing future for "Box Butte County's Family Newspaper!"

DIORAMA FOOD BOOTH NEEDS YOU!

Hemingford Chamber of Commerce is reaching out to the churches and church families in Box Butte County for assistance. Box Butte County Fair is just a few short weeks away and the Chamber will once again be sponsoring the Diorama Food Booth at the Fair.

As a bit of background, the Christmas Diorama, a beautiful, depiction of the life of Christ spanning nearly the length of three football fields, is displayed on the west edge of Hemingford each Christmas Season. This unique display is an awesome attraction for which our entire county can be proud. Of course there are costs involved in constructing, repairing and maintaining a scene of this magnitude. Proceeds from the Diorama Food Booth are the only source of revenue we have to sustain the Diorama.

In order to enhance profitability of this fund raiser, the Chamber is once again requesting your assistance in the following two ways:

1. **Donation of fruit pies to be sold at the Food Booth.** Pies may be dropped off at the Diorama Food Booth, located on the Fair Grounds, Hemingford Cooperative Telephone Company or at Dave's Pharmacy in Alliance, beginning Tuesday, August 6th through Friday, August 9th.
2. **Volunteers are needed to serve in the Food Booth on Thursday, August 8th and Saturday, August 10th between the hours of 8:00 A.M. and 8:30 P.M.**

Blanche Randolph and her family have graciously stepped forward to coordinate the operation of the Diorama Food Booth this year. **If you are able to help out by volunteering a few hours on one of those days, please either text Blanche or give her a call at 308-760-1966.** Leave her a message and she will get back with you to schedule a time that works for you.

News

Hemingford Public School Superintendent Charles Isom Proposed School Expansion Project

There is never a good time...

When I interviewed at Hemingford, some of the interview was focused on the need for more space at the school. This is not an overnight surprise; this addition has been in the planning stages for years and the need for rooms is greater than ever.

There is nothing wrong with the facilities we have that we use for the PK-4 and 7-12 classes for the most part. The modulares were a temporary fix that have been very functional. The modulares were never a final solution. The modulares as well as the Ag shop and gym create some safety concerns. The ability to confine kids in today's environment helps with many aspects of safety. Keeping kids in the building during inclement weather is another feature of getting all buildings joined.

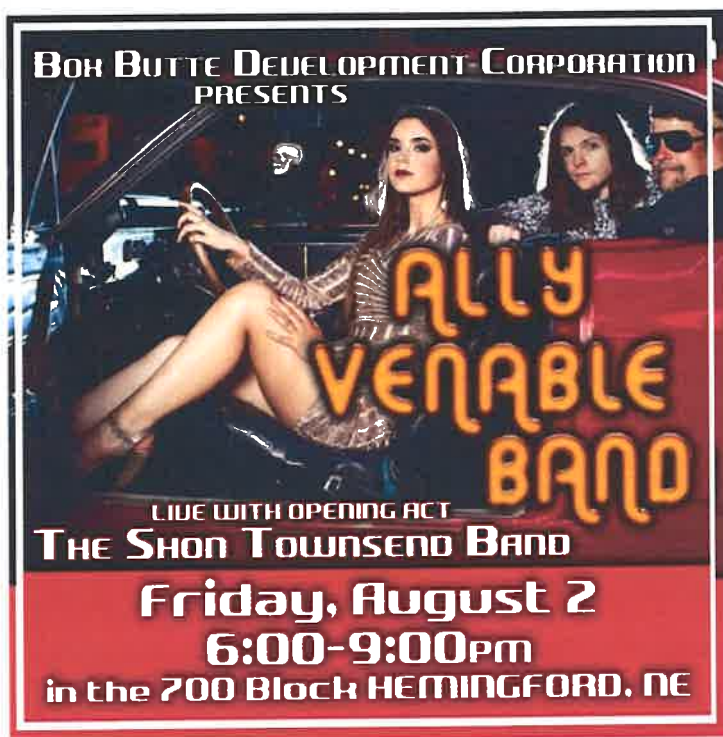

The plans include an addition of eight rooms to the elementary building, which include rooms for the fifth and sixth grade along with a specialty room so that we can recapture space in the library. Also included in the plans are moving the kindergarten rooms to the new addition because they would be better designed for the curriculum needs. ADA is a huge aspect of education and allowing all students to learn in an environment that is accessible to all students is critical, so the addition will include an elevator along with stairs. There is an ongoing discussion happening of what this all will look like.

In the high school there are plans to add an additional four classrooms, a high school principal-secretary area along with a commons area. The idea is also out there for adding a Vocational Agriculture space and a gym/stage area. Currently with the space we have, our Spanish class takes place in the high school library, so we need to designate a classroom for that, as well as a larger art room since our Art program has opened up to the K-12 student population.

We have teamed with Lee Davies Architect, BD Construction-Construction Management and DA Davidson-Bond underwriter to help us with this process.

Please watch for community meetings that will be planned. We are in the process of getting the plans finalized. If you have questions, please feel free to contact Mr. Isom at the school.

Thank you so much for your consideration in helping out with this worthwhile cause to keep alive the tradition of this most treasured asset of Box Butte County. And please, make it a priority to stop and take a few minutes to drive through this beautiful display during the Christmas Holiday Season! Because Jesus truly is the reason for the season.

ALLY VENABLE

There's something about Texas. Open up the history books and you'll find the Lone Star State at the eye of every rock 'n' roll storm. Pull up a stool in any bar-room and you'll still hear Southern gentlemen spin stories of ZZ Top, Johnny Winter and Stevie Ray Vaughan. Now tip a ten-gallon hat to the bandleader writing her own name onto the state's famed back pages, as Ally Venable releases breakout third album, - Texas Honey Debuted as #2 on the Billboard Blues Charts featuring Eric Gales and Mike Zito.

A Power house from the Lone Star State, the Ally Venable Band has ignited excitement in the modern blues scene. Lead guitarist and vocalist, Ally Venable, started singing at an early age in church and at 12, picking up a guitar and finding her passion, established herself as a Texas Blues Guitar Slinger. Guitar Player Magazine stated that "Venable pulls off a stunner of gritty and/or sultry blues rock tunes embellished with lots of tasty guitar solos."

She has received many awards including the East Texas Music Award in 2014 and 2015 for "Female Guitarist of the Year", three-time winner of the "Blues Band of the Year," "Album of the Year," and "Entertainer of the Year," in 2018

2nd Place - Dallas International Guitar Show 10 Under 20 Contest 2015

Ally's 2018 release 'Puppet Show' debuted at #7 on the Billboard Blues Charts, featuring Gary Hoey & Lance Lopez.

The new sign at the American Legion Memorial Park is in Memory of Darwin Jespersen that was made possible by the generous donations to the Memorial Fund. It was the brain child of Jim Olson and Pat McMahon, designed and created by Chad Buskirk.

Each of Ally's band mates are versatile on multiple instruments. As bassist, Bobby Wallace is a master of his craft and years of experience enhance the band. Drummer, Elijah Owings brings a steady, but dynamic sound to the band. Keyboardist, Fernando De Los Santos from Seville, Spain, brings a classic and energetic style when performing with Ally. They are the backbone of the band's Rockin' Blues sound, and they continue to represent the future of the blue
