Editor's Note:

The Bobcats have earned high bonus points by twice defeating C-1 Bridgeport. Difficult games remain against PAC and WTC teams in conference tourneys, as well as a tough sub-district and District that precedes the State BB Tourney.

WTC Foe Kimball is currently (8-2); Sub District and District opponents are underlined above, and potential District Play-off teams include (7-2) North Platte St. Patrick's or Southern Valley (9-2)

Regular games in January and February also await the young Bobcats that could prove to be challenges to win.

If the Cats continue to improve and play hard, they are in a solid position to finish towards the top of C-2 at season's end.
