NEBRASKA SMART IS A FREE VIRTUAL TUTORING PROGRAM FOR STUDENTS IN GRADES K-12.

Teacher education candidates from Chadron State, Peru State, and Wayne State Colleges remotely tutor students in rural Nebraska. This program is currently offering services to:

- All NRCSA member school districts
- Educational Service Unit 1
- Educational Service Unit 4
- Educational Service Unit 13
- Other select smaller rural school districts

Visit our website for the full list of school districts served.

HOW IT WORKS

Nebraska students in grades K-12 have free access to online tutoring with a qualified Tutor in English, math, science, and social studies. Parents must first register their child. Once registered, students can request pre-scheduled appointments with a Tutor or log in and request on-demand tutoring to be connected with the next Tutor available in the queue. Students should provide homework for which they wish to receive help or topics that they would like to cover.

TUTORING HOURS

OUR PARTNERS

The Nebraska Department of Education has awarded a grant to the Nebraska State Colleges to develop a program that provides free online tutoring to K-12 students in rural Nebraska.

OUR TUTORS

Tutors are full-time students at Chadron, Peru, and Wayne State Colleges who have been admitted to the teacher education program, have completed background checks, and received training through their teacher education program coursework.
