FROM THE SUPERINTENDENT'S STANDPOINT

OCTOBER 2025

By Dr. Travis Miller

One of the guiding principles of our district's strategic plan is Student and Staff Well-Being. Within this pillar is Strategy 3.2, which focuses on providing social-emotional and behavioral supports district-wide, integrated through our Multi-Tiered System of Supports (MTSS). The goal is to fully realize the potential of these resources and align them with a unified, student-centered learning initiative.

As part of this work, our staff has been developing an intentional, tiered system of support to meet the needs of our students.

Since adopting our strategic plan just over three years ago, Hemingford Public Schools has taken significant steps to strengthen its support systems. We have expanded our school counseling department to include two full-time school counselors serving students at all grade levels. Working collaboratively with teachers, administrators, and other professionals, our counselors help students successfully navigate personal, academic, social-emotional, and career challenges.

Together, our counselors have identified several ways to improve the support systems we provide. One of the most significant additions is the adoption of the CharacterStrong program, a research-based framework that enhances students' skills and resiliencies through a tiered support model.

This system includes:

- Instruction for all students focused on character development, emotional regulation, and social skills
- Universal screening to help identify students who may benefit from additional support
- Collaborative intervention involving teachers, families, and external support partners when needed

Through our partnership with ESU #13, we've been able to offer expanded access to professional support services, including a licensed mental health practitioner and a school psychologist. We are also working with parents and local service providers to ensure coordinated care when appropriate.

In line with Nebraska statute, we've designated key Behavioral Health Points of Contact—staff members trained to connect students and families with available resources:

- Mrs. Samantha Gilkerson, K–12 School Counselor
- Mrs. Bridget Johnston, K–12 School Counselor
- Mrs. Katie Kimball, K–12 School Nurse
- Mrs. Mandy Plog, Director of Instructional Services

These staff members are here to help families access both school-based and community-based behavioral health services when needed.

I'm also excited to announce a unique opportunity that has emerged from this important work. Hemingford Public Schools will partner with ESU #13 to host the Western Nebraska School Mental Health Conference in the coming year. This regional event will bring together educators, mental health professionals, and community partners to share best practices and build momentum around student mental health initiatives.

Save the Date: October 12, 2026. Details about registration will be available this coming summer, and we encourage anyone interested, including educators, parents, and community members, to consider registering to attend.

As always, if you have ideas or suggestions about how we can better support our students, please don't hesitate to call, email, or stop by my office. I value your insight and appreciate the opportunity to work together for the benefit of all Bobcats.

Keep striving, keep caring—and as always, Get Up, Bobcat Nation!

HIGH SCHOOL UPDATES

Josh Redden

The end of the first quarter is quickly approaching. The back-to-school honeymoon has worn off, and we've successfully made it through Homecoming week. Now is a great time to help students finish strong. Encourage them to work closely with their teachers if they're struggling in any area. Missing work continues to be the biggest reason behind grade concerns, so checking in regularly can make a big difference. If you haven't logged into PowerSchool recently to monitor your student's progress, now is a good time to do so before the quarter wraps up. If you need any assistance accessing PowerSchool, please reach out to the high school office, we're happy to help.

Homecoming week was packed with activities, including a special presentation from Mr. Jay Martin, the NDE School Safety & Security Director. He spoke with students about the dangers of social media, artificial intelligence, and how online algorithms can shape behavior, culture, and even mental health for both teens and adults. His message was powerful and full of practical information. I encourage you to ask your student about what they took away from the presentation, it's a great opportunity to continue the conversation at home.

NEWS FROM TITLE I READING

A meeting for parents of Title I Reading students will be held Tuesday, October 7, 2025 at 3:00 pm in the Cafeteria. The purpose of this meeting is to explain the Title I program, answer any questions you may have, and give you ideas on how to work with your student at home. The meeting will be brief, so you may pick up your students on time.

THE MOST MARVELOUS ART MEMO OCTOBER '25

Artist of the Month: Marcel Duchamp

In October, we will be exploring the Duchamp's use of the element of Form and the principle of repetition in his art of the Dada movement and his unique "Readymades."

INVITATION

As part of the introduction to the unit, High School will be viewing a "Gallery of Questionable Objects," and discussing what makes art, ART. We are looking for donations of random, oddball items for use in this activity (if you are familiar with Duchamp, you probably know what I'm looking for - if not, it can be ANYTHING! A broken toaster, a shoe that you can't find the match to, an old velvet cat painting...) We'll need these by October 3rd so I can prep them for our intro on Monday, October 6th. Students will be using them later to create their own "Readymade" inspired art. Your trash is our treasure!

Annual Celebrate Creativity Field Trip!

October 13-15, members of the HHS Fine Arts & Culture Club have the opportunity to travel to Omaha to attend an annual event hosted by the Joslyn Art Museum & Omaha Symphony. Students will participate in 2 workshops of their choice in categories of Visual Art, Dance, Theater or Music; as well as enjoy a private interactive Symphony concert. We will also enjoy a tour of UNL's Innovation Campus on our return trip!

Fine Arts & Culture Club Remind Code

I added the phone numbers of everyone that signed up as new members for the club this fall. If you are an existing member and haven't been getting Remind messages, join our REMIND class using code: @gubnfacc

The Bobcat CARE (Community Action Reaching Education) Fund

Living in a small community, we understand the importance of working together and relying on one another for success. However, resources can sometimes be limited. During tough times, parents and families may struggle to provide their children with everything they need. The Bobcat CARE Fund steps in to assist families by offering supplies, clothing, shoes, toiletries, school lunch, milk, and even support for CNA certifications.

How it Works

The Bobcat CARE Fund operates in a straightforward manner. When teachers or parents identify a student's needs, they reach out to the Principals at Hemingford Elementary and High School. These needs, such as winter coats, tennis shoes, or assistance with school lunch, can be addressed through the CARE funds. The specific needs can be posted on our Facebook page and website. If someone wishes to donate an item, they can comment or message on Facebook or contact the school directly. Donations, whether items or funds, can be dropped off at the school and will be distributed to the students in need. This program is entirely confidential, and no student names are ever disclosed.

To request help:

Contact our Elementary or High School Principals by completing the form at this link:
[Bobcat CARES Referral/Request Form](#)

Or

Contact Us:

Mr. Arneson, Elementary School Principal: (308) 487-3330

Mr. Redden, High School Principal: (308) 487-3328

We will gather the necessary information based on what is needed or can assist in finding resources for you to reach out to. As part of this process, you are also encouraged to visit with your student's teacher about items your child may need.

To support our fund:

Donate items/funding through your business. Also, feel free to post our information page in your business to help us spread the word about The Bobcat CARE Fund.

Donate items/funding personally through HCF (taxable deductions)

NEBRASKA SMART IS A FREE VIRTUAL TUTORING PROGRAM FOR STUDENTS IN GRADES K-12.

Teacher education candidates from Chadron State, Peru State, and Wayne State Colleges remotely tutor students in rural Nebraska. This program is currently offering services to:

- All NRCSA member school districts
- Educational Service Unit 1
- Educational Service Unit 4
- Educational Service Unit 13
- Other select smaller rural school districts

Visit our website for the full list of school districts served.

HOW IT WORKS

Nebraska students in grades K-12 have free access to online tutoring with a qualified Tutor in English, math, science, and social studies. Parents must first register their child. Once registered, students can request pre-scheduled appointments with a Tutor or log in and request on-demand tutoring to be connected with the next Tutor available in the queue. Students should provide homework for which they wish to receive help or topics that they would like to cover.

TUTORING HOURS

OUR PARTNERS

The Nebraska Department of Education has awarded a grant to the Nebraska State Colleges to develop a program that provides free online tutoring to K-12 students in rural Nebraska.

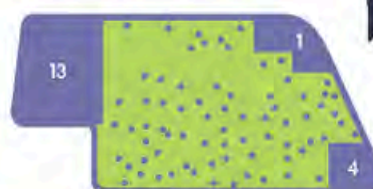

OUR TUTORS

Tutors are full-time students at Chadron, Peru, and Wayne State Colleges who have been admitted to the teacher education program, have completed background checks, and received training through their teacher education program coursework.

Counselor Corner

Monthly Focus:

During October, our counseling lessons will focus on responsibility—making good choices, following through on commitments, and taking ownership of our actions. Students will learn practical ways to show responsibility at school, at home, and in their community.

October Fact

October is National Bullying Prevention Month — a perfect time to talk with students about responsibility, kindness, and standing up for others.

Stop! Support! Report!

Wellness Tip

Recognizing Emotions

Help your child name their emotions and talk about how they feel. Teaching them healthy ways to express emotions, like journaling or talking to someone they trust, builds emotional strength.

Responsibility

Family Newsletter

PurposeFULL

Responsibility Overview

This month we are talking about Responsibility. One way to define Responsibility is "taking action and understanding the impact of our choices." Taking action can mean doing the right thing or completing the tasks you have been assigned. Understanding the impact of our choices means that our actions matter. Positive and responsible actions can help people and irresponsible actions can hurt others.

Responsibility is 1 of 3 traits we will focus on throughout the year that helps students **Be Strong**.

Across grade levels students will be developing skills like focusing, organizing, and goal-setting.

PurposeFull Pursuits

Have some fun connecting as a family this month while practicing Responsibility. Here are 2 "PurposeFull Pursuits" you can complete together!

#1

As a family, think of ways in which you might make someone's life a little easier by helping a neighbor or family friend with 1 of their Responsibilities. Could you bring the garbage to the chute or out to the curb? Could you carry things in from the grocery store? Could you invite someone over for a meal or a show?

#2

Review Responsibility as a family! Responsibility is taking action and understanding the impact of our choices.

Choose 1 household chore (or more!) that requires multiple steps. Then have each member of the family select 1 step to complete to help get the job done! Maybe it's washing the dishes, doing laundry, cleaning the living room, or unloading the groceries – whatever it is, see who can be the quickest or most effective at their task!

Conversation Starters

- Can you share or show what it means to be Responsible?
- How can we help each other practice being more Responsible?
